PROFILE

- Dynamic health sciences student with a focus on Biokinetics, set to graduate in 2025. Committed to continuous learning and adaptability in various environments. A strong desire to assist others in managing their health challenges effectively. Skills include problem-solving, communication, and a foundational understanding of health sciences principles. I'm a member of **BASA AND HPCSA**.

EDUCATION

High School Education at Norkem Park High School, Johannesburg, Kempton Park

January 2016 — November 2020

Bachelor of Health Sciences in Biokinetics at Tshwane University of Technology, Pretoria

January 2021 — November 2025

- Completed advanced coursework in **Exercise Testing and Prescription, Orthopedics, Psychophysiology and Chronic Diseases, and Health Care Administration and Management**. Gained hands-on experience through **Work-Integrated Learning**, applying theoretical knowledge in real clinical and rehabilitative settings. Studied **Professional Standards and Ethics**, reinforcing a strong commitment to ethical practice and patient-centered care. Developed skills in assessing and managing musculoskeletal conditions, chronic diseases, and crafting effective exercise-based interventions.
